# Welcome to Alpha Aktiv

We are a private educational institute founded in 2003 and we have been welcoming countless students from all over the world to the historic city on the Neckar every year. We also opened another location in Tunis 4 years ago.

We offer our students a wide range of courses, from normal German courses from A1 - C2 to preparation courses for various language exams, such as TestDaF, TestAS, TOEFL, telc or IELTS, for example.

In addition we also offer our students special programmes. These programmes are aimed at students who would like to study in Germany, doctors and nurses who search for work in Germany and students who would like to gain an insight into business. We prepare all groups optimally for their goal.

Furthermore, we are ISO 9001, AZAV as well as telc certified and belong to one of the largest TestDaF centres in Germany.

In order to make the stay of our students as smooth as possible, we also support them with bureaucratic steps. Among other things, we inform you about registering at the Citizens' Registration Office and applying for health insurance in Germany. Especially for newcomers, such hurdles can be difficult to overcome at first, which is why we at Alpha Aktiv are always open to individual questions or problems. Our teachers have all been with us for several years and are therefore experienced in teaching the German language in a comprehensible way and using innovative teaching methods.

# Heidelberg

Heidelberg (about 160.000 inhabitants) is one of the most famous and most beautiful cities in Germany. Poets and painters of the Romanticism were fascinated by the unique ensemble of the castle ruin, the old town and the Neckar river. Even today it is admired by millions of visitors from around the world.

Heidelberg combines both, tradition and modernity. Founded in 1386, the Ruprecht-Karls-University (awarded since 2007 as an elite university) is the oldest one in Germany. Among many other subjects studied in Heidelberg, medicine, law, and natural sciences departments are top-rated and highly regarded among students. Due to its central location, Heidelberg is within easy reach of many other large cities, such as Karlsruhe, Frankfurt, Stuttgart, and Cologne.

Located only about 80 km south of Frankfurt, Heidelberg stands for cosmopolitanism, internationality, culture and dynamics.

The city offers a wide and appealing variety of leisure and cultural facilities. The rich cultural offerings include numerous cinemas, museums, festivals, concerts, theaters and a many-faceted gastronomy.

Our institute is situated in the middle of Heidelberg's inner-city area. In the immediate vicinity you can reach several cafés, boutiques and galleries. Moreover the Heidelberg castle, the university including its library are both within walking distance.

Heidelberg is a very safe city and is especially suitable for international students. You will quickly connect to the life in Heidelberg and can improve and practice German language skills daily!

We are happy to help finding accommodation or apply for a residence permit for the stay in Heidelberg.

# Summer Youth Courses 2026

## Spend your summer in Heidelberg

During **July and August**, we offer the Summer Youth Course for teenagers **aged 14 to 18**. This course is perfect for learning or consolidating the German language while enjoying a great summer in Heidelberg! With language classes in the morning and leisure activities in the afternoon, this course offers the ideal conditions to enjoy learning German and experience German culture.

Classes are held Monday through Friday from 9 a.m. to 12:15 p.m. (20 lessons per week). Our classes include students of all ages, which means that we place our summer youth course participants in a class with our “regular” year-round students. We have had outstanding experiences with this, as the “older” students take the newcomers under their wing and help them both with the German language and finding their way around Heidelberg.

The additional leisure activities take place on Monday, Wednesday, and Friday from 2:00 p.m. to about 5:00 p.m. These times and days are flexible, as they depend on the activity.

During the stay at Alpha Aktiv, students will live with one of our carefully selected host families. We have been working with each of them for several years, so there is a guaranteed feel-good factor there! Breakfast and dinner are shared with the family every day, creating a perfect environment opportunity to improve their German language skills and get an insight into German culture!

# Private Studienkolleg Alpha Aktiv 2026

## | We make you fit for your studies

If students aspire to study at a university in Germany, they need a degree equivalent to the German Abitur. If you do not possess a degree (can be checked via the anabin online service), you must successfully pass the Feststellungsprüfung (assessment test).

## | Our Studienkolleg

Our private Studienkolleg offers the opportunity to prepare linguistically, intellectually, and systematically for the Feststellungsprüfung and studies. Students will expand their knowledge of German and get acquainted with different forms of learning. For 36 weeks, 30 hours per week, our competent and dedicated lecturers will work with them to bring them up to the university level and to give the best possible start to their studies.

Beside the popular courses such as T-, W- and M-course we also offer S-course and G-course.

We are also happy to offer accommodation for your personal needs.
